

MANUAL FOR CORRECT USE OF THE PRODUCT DEGREASER, DEOXIDANT AND DECONTAMINANT FOR STAINLESS STEEL PRODUCED BY SM INOX.

Corrosive product.

Use in well-ventilated areas and avoid contact with unprotected parts of the body.

Use with the aid of anti-acid rubber gloves.

For correct use, wet a dry cloth with the product and apply homogeneously on the part to be treated. Leave for a few minutes.

Rinse the treated area thoroughly with plenty of clean water and dry with a cloth or absorbent paper.

Repeat the rinsing operation until the surface just treated is no longer oily to the touch.

Avoid applying the product on very hot or very cold surfaces.
